

# DEBOCH X6000 15<sup>th</sup> LiFePO<sub>4</sub> Anniversary Edition Data Sheet

DEBOCH Mobile Power Supply  
Powered By LiFePO<sub>4</sub>

## Features

### Safest Battery ever!

The strong P-O covalent bond forms the 3D delocalization chemical bond, herein LiFePO<sub>4</sub> is thermodynamically and dynamically stable even at temperature above 200°C.

### Ultra Long Lifecycle

Not like other cathode materials, the unique olivine structure of LiFePO<sub>4</sub> can assure an excellent stability, therefore its lifecycle is much longer. DEBOCH mobile power supply can be recharged up to 3000 times, which is 6 times longer than ordinary mobile power supply.

### Ultra FAST recharging speed

DEBOCH Mobile power supplies can be recharged twice as fast as conventional li-batteries.

### Long Power Lasting

DEBOCH Mobile Power supplies represent a solution to the problem of excessive self-discharge. Because of its low self-discharge characteristic, you can use DEBOCH Mobile Power supplies right after purchased.

### More Security Charging

DEBOCH Mobile Power can be used for a long time at a constant voltage

### Design for Environment

DEBOCH uses LiFePO<sub>4</sub> battery which is 100% green product, absolutely environment protection. It is RoHS approved.

## Product Specification

Model	DEBOCH X6000 15 <sup>th</sup> LiFePO <sub>4</sub> Anniversary Edition
Battery technology	LiFePO <sub>4</sub> (Lithium iron phosphate)
Power Capacity(Battery)	6000mAh (Typical) /3.2V/19.2Wh
Times of lifecycles	3000(Typical)
input	Micro USB input DC 5V 2A/1A
output	USB output DC 5V 1A
Power output	About 15Wh*
dimensions	84mm x 46mm x 57mm
Weight	250g
Working temperature	0 °C~45 °C
Safety technology	Triple protection for battery
Safety certified(Battery)	CE RoHS UL SGS PONY
Insurance	(PICC) Included for battery cell
Product color	Black
Charging time	about 3 hours
Extra boost*	Standby time:450h, Talk time(3G):960min, Wi-Fi:960min, Audio play: 4800min, Video play:20h

\*Due to inevitable electric energy loss, the actual power output of a mobile power supply is less than its battery energy storage.

\*Based on iPhone 5. Battery life varies by use and configuration;

### Compatibility

- Compatible with all devices supporting USB charging.
- Can be charged with any micro-USB wall charger, car charger and/or charging & data cable

### Sales package contents

- DEBOCH X6000 15<sup>th</sup> Editionx1
- Charging and data cable(USB-MicroUSB)x1
- User guidex1
- DEBOCH 2A-Power Adapterx1

### Available colors

- Black

\*There may be some differences on different spare parts.  
Please adhere to the actual product instead.

USB output: 5V,1A

Power indicator  
**Green light:** High Power Capacity  
**Yellow light:** Low Power Capacity

Micro USB input : 5V,2A(max)
